

Meeting community needs in Massachusetts. More than **45,000** people of all ages and backgrounds are helping to solve problems and strengthen communities through **154** national service projects across Massachusetts. Serving with national and community nonprofit organizations, faith-based groups, schools, and local agencies, these citizens tutor and mentor children, coordinate after-school programs, build homes, conduct neighborhood patrols, organize local homeland security efforts, respond to disasters, and recruit and manage volunteers. This year, the Corporation for National and Community Service will provide more than **\$16,600,000** to support Massachusetts communities through three major programs:

Senior Corps: More than **8,500** seniors in Massachusetts contribute their time and talents in one of three programs: **Foster Grandparents**, who serve one-on-one with more than **5,000** young people who have special needs; **Senior Companions**, who help more than **6,000** other seniors live independently in their homes; and **RSVP** volunteers, who work with more than **1,000** local groups to meet a wide range of community needs, including safety patrols with local police departments, environmental projects, tutoring and mentoring, and responding to natural disasters.

AmeriCorps: This year, more than **1,400 individuals** are serving in Massachusetts communities as AmeriCorps members. In return, the members receive an education award of up to \$4,725 to help pay for college or pay back student loans. To date, more than **6,000** Massachusetts residents have qualified for education awards totaling more than **\$26,000,000**. Two-thirds of AmeriCorps grants are made by the Massachusetts Service Alliance. National nonprofits, such as City Year and Youthbuild, make other assignments. Other members serve in AmeriCorps*VISTA, and AmeriCorps*NCCC (National Civilian Community Corps).

Learn and Serve America: Learn and Serve America provides schools, colleges, and community organizations with grants for service-learning. These grants help make it possible for more than **36,000** Massachusetts students to meet community needs while improving their civic and academic skills and learning the habits of good citizenship.

"Massachusetts has a long history of commitment to national and community service, and I am proud of the service programs in Massachusetts and their many accomplishments. Indeed, many of them are among the most innovative and serve as program models for others."
